To Whom It May Concern,

I am writing this letter in support of Joe Wright becoming an administrator in your school district. Joe and I have worked together running a middle school, and I feel well qualified to comment on his abilities. He has worked here in the ConVal system in New Hampshire, but has decided to return to the west.

Joe is extremely student centered, and when he deals with issues, he always succeeds at connecting with the child and understanding their perspective. Joe's goal is to always resolve matters or situations for the benefit of the student.

Joe is an energetic and enthusiastic administrator who sees needs and is solution oriented. Joe is an excellent communicator. He can easily engage with any student or parent he encounters. He is creative, and will often find solutions by "thinking outside the box." Beyond this, he is excellent with electronic communication, and has created a fantastic newsletter which parents look forward to seeing. Joe really understands technology, and can become adept at any program or app he encounters.

Joe is a wealth of positivity, determination and integrity. He is a professional, and a pleasure to work with; I am confident that he has a successful career in education ahead of him. I recommend and support his application to your school district. I would be delighted to talk more about Joe's qualifications, and can be reached at 603-588-6630.

Regards,

James Elder
